

0505 FLEXIRIDE® RAIL GEAR for...KUBOTA RTV-X900/X1120/X1140

Our optional Composite Rail Wheels have and hardened steel tread with aluminium inner separated by special dialectic neoprene that cuts down on rail head noise up to 95%. The Rail Wheels are naturally insulated.

OPTIONS

- Insulated Composite Rail Wheels
- Rail Shunts (Required Composite Rail Wheels)
- Factory Installation

Our Flexiride® Rail Gear has 4 wheel independent suspension that self-compensates for uneven track conditions. The basic system is provided with forged steel rail wheels, a self-contained hydraulic power unit with emergency hand pump, mobile hydraulic valve kit, front and rear rail sweeps, remote control, FRA lights and alarms (strobe not included), plug and play wiring harness, Hose kit, and hydraulic safety locks. (Some assembly required)
