1515 Rail Gear System

“Discover Mitchell’s 1515 Rail Gear – where innovation meets convenience. Our 4-wheel independent FlexiRide® suspension adapts to any track condition, ensuring a smooth rail experience.

Our Rail Gear accessory mounting system houses all essential components, including pre-engineered hydraulic hose kits and wiring harnesses. It’s a plug-and-play solution that simplifies installation, eliminating the need for specialized skills.

Our complete kit can be effortlessly installed by any mechanic, reducing labor costs and streamlining the installation process. Mitchell’s 1515 FlexiRide Rail Gear offers cutting-edge performance, ease of use, safety, and significant cost savings.”
