

## 0505 FLEXIRIDE® RAIL GEAR for...JOHN DEERE GATOR

### Easy Install kits

Our optional Composite Rail Wheels have and hardened steel tread with aluminium inner separated by special dialectic neoprene that cuts down on rail head noise up to 95%. The Rail Wheels are naturally insulated.

### OPTIONS

- Composite Rail Wheels
- In Cab Controls
- Rail Shunts (Required Composite Rail Wheels)
- FRA Reversing Lights

### Factory Installations

Our Flexiride® Rail Gear has 4 wheel independent suspension that self-compensates for uneven track conditions. The basic system is provided with a self-contained hydraulic power unit with emergency hand pump, front and rear rail sweeps, outside push button controls and replacement tires.

Model XUV 825M S4 Shown
